

First year project

We learned how to:

- apply for a job
- write a CV and a motivation letter
- be successful in job interviews

There were also two meetings:

Schutterwald, Germany 2014

Siedlce, Poland 2015

Our project “Fit for work in Europe” aims to help us find our way around the European job market.

We are highly interested in different cultures, and we would like to appeal our schoolmates’ attention for other countries and languages.

The meeting in Debrecen, Hungary, 2015

If you are ambitious and conscientious, and you also persist in working on the project, we will be glad to welcome you in the programme. With the help of the European Union, we are able to travel to the participant countries, where meetings are held twice a year.

Second year project

We made interviews with:

- companies about how they choose the trainees
- people from our nation who went abroad to work/study
- foreigners who came to our country to work/study

We made researches about adolescents’ opinion in connection with working/studying abroad

Language course, Hungary 2015

Workshop, Hungary 2015
